SYSTEM

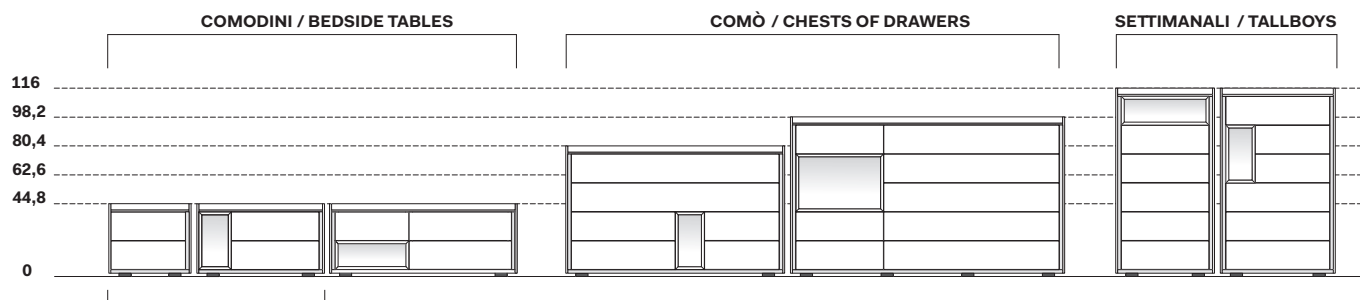

design by Novamobili Studio

Sly è un sistema di moduli-cassetto da abbinare ai vani a giorno Tetris. La combinazione tra questi elementi consente di creare numerose composizioni, dai comò articolati e capienti, perfetti anche come cassettiere per la zona giorno, ai più semplici comodini. Sly è disponibile anche con ricarica wireless sottopiano.

Sly is a system of drawer-modules to be paired with Tetris open units. These elements can be combined to create numerous configurations, from more complex, capacious chests of drawers — which are also perfect as living room drawer units — to more basic bedside tables. Sly can also be ordered with undermounted wireless charging.
